

WEATHERIZATION FIRST

Help Families Reduce Fuel Bills

Weatherization First organizes congregational and community volunteers to perform essential weatherization tasks in homes of low-income families in Centre County. Families benefit by reduced fuel bills and more comfortable homes. At the same time we reduce greenhouse gas emissions that are causing dangerous climate change.

Would you or your congregation like to be involved? Do you know somebody who could use our services? Write to SNeelyPA@gmail.com or call 814-644-9776.

Support this work by donating on the Pennsylvania Interfaith Power & Light website: www.paip.org or by sending a check to PA IPL, 243 S. Allen St., #337, State College PA 16801 (memo: Weatherization First).

A Project of Pennsylvania Interfaith Power & Light

With the assistance of Central Pennsylvania Community Action, Interfaith Human Services, and Housing Transitions. Supported by grants from the Rock Ethics Institute and the Walmart Foundation.

PA IPL is a 501c3 organization. Contributions are tax-deductible.
